

E-Waste Art Activity

Electronic waste or E-waste describes discarded electrical or electronic devices. Used electronics which are destined for reuse, resale, salvage, recycling, or Disposal are also considered as E-waste. Informal processing of E-waste in developing countries can lead to adverse human health effects And environmental pollution. considering this our Institute organised an **E-waste Art Activity on 31december,2021 Friday** . Activity was conducted online at MS Teams app. **Students of B. ED 1st year participated in the celebration. Under the guidance of our respected Principal Dr. Mandira Gupta ,The activity was organized by Ms. Sangeeta kaushik..**

In this activity participants made useful and creative material from discarded E-Waste. They made materials like- wall hangings from old cd's , clock from old clock parts and decorated the fused bulb in beautiful manner.

Below are some glimpse of activities:-

Objectives of E waste management drive:-

- Minimize illegal recycling / recovery operations
- Environmentally Safe & Sound Recycling by Channelizing E-waste to registered E-waste Recyclers.
- Extended Responsibilities to producers to Manage a system of E-waste collection/take back And channelizing to a registered.
- Responsibilities to Urban Local Bodies for orphan Products and for waste found mixed with MSW.
- To Create an E-waste collection channelization System.
- Reduce Hazardous substances in Electrical and Electronic components.

Keeping these objectives in mind participants delivered speech on Importance of E-WASTE drive. The other students Listened attentively to the responses of others and took active role in discussion. It enhances group discussion through insightful comments. Everyone shared personal experiences and opinions with others.

Special thanks of gratitude to Principal ma'am who gave us the golden opportunity to do this wonderful activity , which also helped students in doing a lot of Research and came to know about so many new things I am really thankful to her, also thanks to our teachers who always supports us in each activity.

Program ended on positive note.
