

## **WALL HANGING CRAFT ACTIVITY**

13-10-2023

The Institute of Vocational Studies, led by Principal Dr. Mandira Gupta, skillfully organized a "Wall Hanging Craft Activity" that was enthusiastically participated in by all of the IVS students. These students used their creative energies to repurpose materials, displaying an astounding degree of excitement and zeal. The end result was an impressive range of artistic works, ranging from utilitarian utility items to artistically created sculptures. Their feeling of environmental responsibility was reinforced along with nurturing their artistic talents under the invaluable mentorship of Ms. Sangeeta Kaushik, the CCA incharge, during the event. This programme demonstrates the institute's dedication to encouraging sustainability and innovation within its student body, which forms the foundation of its all-encompassing teaching methodology. The sincere gratitude expressed by the organizing committee and the attendees highlights the significance of the achievement and promotes sustained commitment to similar projects. The students were springing with new ideas and enjoyed the activity very well.
