As per the curriculum of teacher education a parliament visit was organized on April 12, 2016 by the college. The aim of the visit was to see Parliament as a National Heritage Building in which student saw Lok Sabha House, Rajya Sabha House and Central Hall. This helped student to sensitization about the working of parliament, Bill pass debate and acceptance of different ideas. In future it will also help student to link with democratic process and adopt it in their daily life and carry this value further.
